1	Damaged Roads	12/23/2016 10:23 AM
2	No Damage	12/20/2016 12:59 PM
3	The corrugations on the road become worse. The road should be graded after the event.	12/16/2016 3:23 PM
4	The start point was at my property boundary, there is a scooped out area in the road which is still there on Nov, 16th.	12/1/2016 10:13 AM
5	Road rougher and gravel displaced.	12/1/2016 9:27 AM
6	At the start where vehicles commenced caused ruts in road and made road dangerous after event.	12/1/2016 9:06 AM
7	Small amount of litter	11/25/2016 1:47 PM
8	small amount of litter	11/21/2016 2:58 PM
9	My wife and I drove the toonubar stage the following day just out of interest. no damage. hardly any sign it had been there except some council signs to be picked up & Some danger tape across a gate or two. road fine	11/21/2016 2:52 PM
10	holes in road at the starting point. To my knowledge no repairs have been attempted on the road after the event, anywhere.	11/21/2016 1:41 PM
11	The road was rougher, particularly on corners where metal had been sprayed well off the carriage way and corrugations had been worsened. Dust was over grassland and that means that gravel had been lost as that is what the dust is.	11/17/2016 2:12 PM
12	I was not in the district immediately after the 2016 Rally but you must be joking to suggest the Rally cars would improve the road.	11/17/2016 10:28 AM

## 2016 Border Ranges Rally Survey

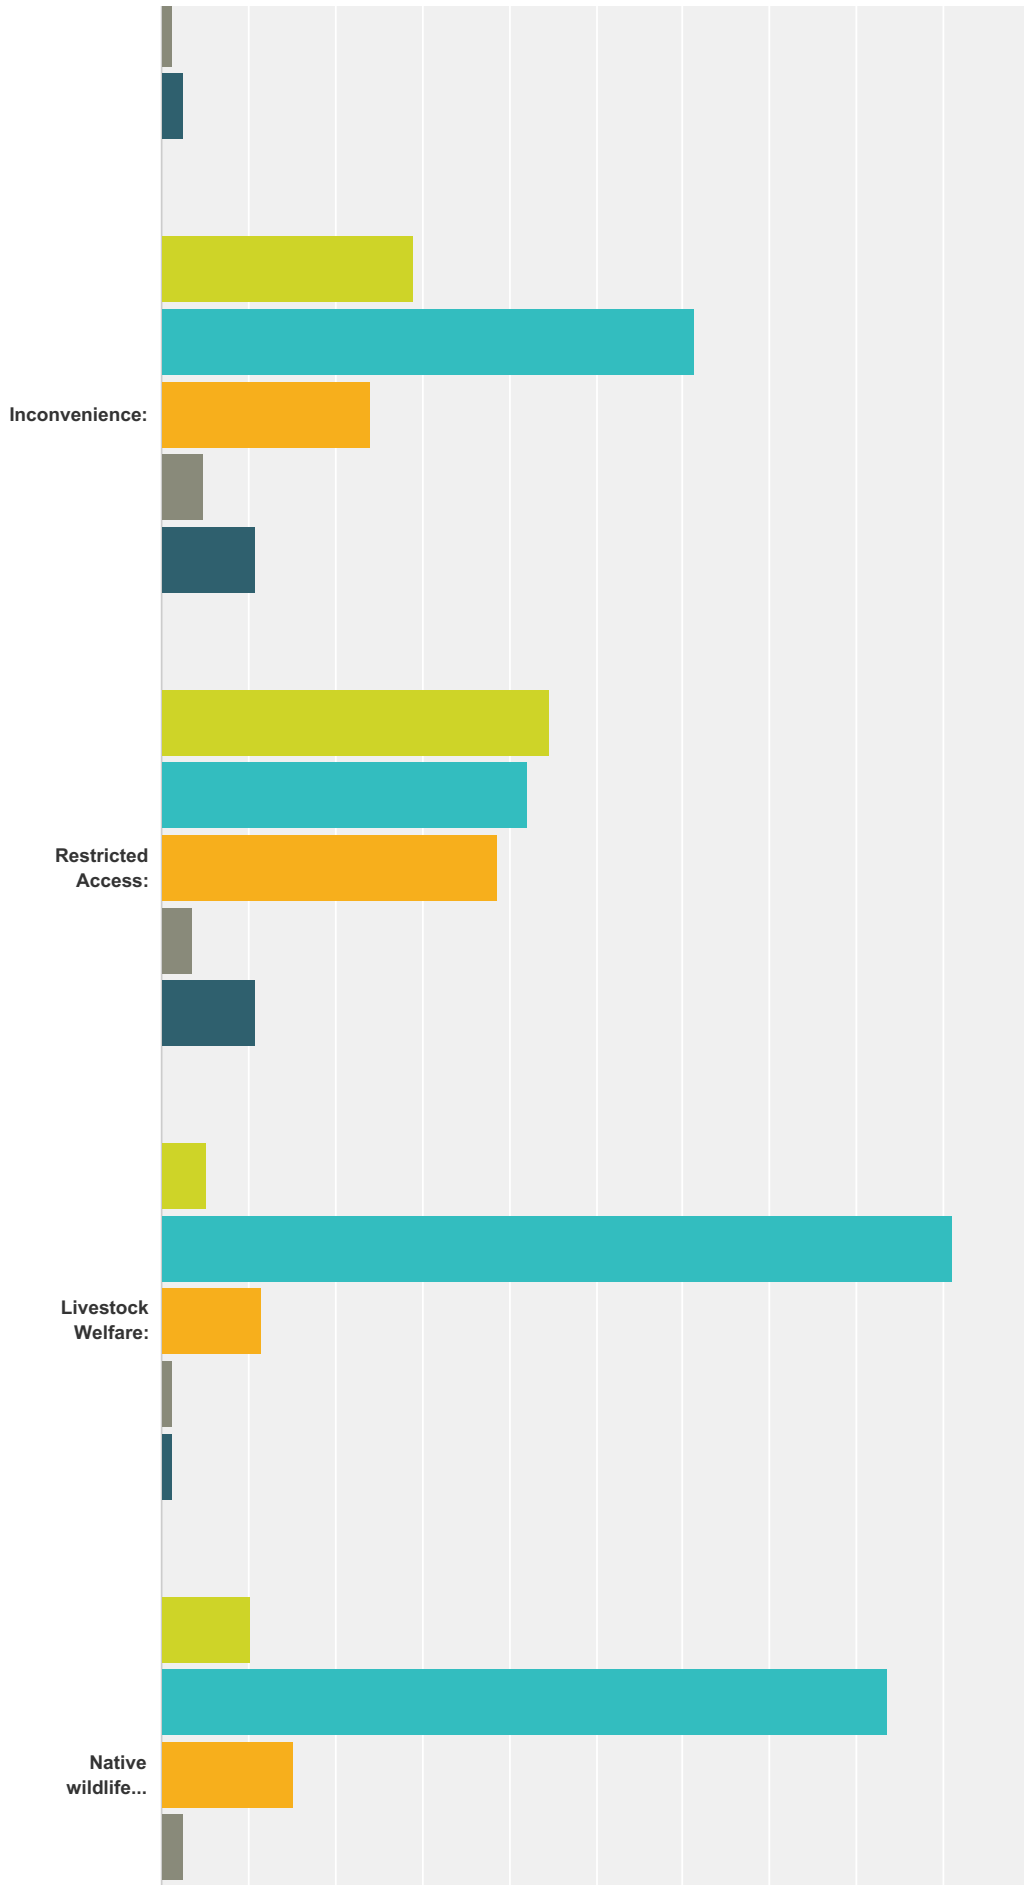

13	1. White guideposts broken off x 2. 2. Large ruts in area of grass fronting property left leaving the area unsightly and harder to maintain/mow.	11/15/2016 12:53 PM
14	Road Corners slightly rougher surface	11/14/2016 2:36 PM
15	But severe damage may have occurred to a bridge if the device placed by a protester had worked as planned. I believe placing paper and petrol on the road and lighting it in dry conditions are a bigger hazard than the rally.	11/14/2016 1:56 PM
16	RE: Question 8, only if sufficient information is provided.	11/14/2016 11:51 AM
17	Our Road was graded just prior to the event and the conclusion was unchanged after the event. A very pleasing & positive outcome.	11/11/2016 1:10 PM
18	Corrugations near 621 Hillyards road cedar point.	11/11/2016 11:03 AM
19	The road was bad before the rally & it is still full of pot holes - so no change.	11/11/2016 10:55 AM
20	The starting line on Old Cob O Corn road was significantly gouged for about 5 metres which should have been graded immediately but wasn't - I inspected the road immediately after the event and saw no significant damage anywhere except start line - my background is Civil Construction so I know roads!	11/11/2016 10:12 AM

1	I live close the road so dust noise, restricted access to my home FTC all above are very high impact on my life that day 27th August.	12/23/2016 10:23 AM
2	We missed out on the last stage due to some idiot trying to burn a bridge.	12/20/2016 12:59 PM
3	restricted access - just had to make sure we were arriving or departing the property within the events time gaps for open roads. No problem.	12/16/2016 3:13 PM
4	Was not present	12/16/2016 8:57 AM
5	Went to late this year would rather it finished by dusk.	12/8/2016 2:58 PM

## 2016 Border Ranges Rally Survey

6	please note we were not on our property on this day.	12/1/2016 1:43 PM
7	Having to go to and from work on the Saturday. Had to start early and leave early. With little notice of event rosters were hard to change.	12/1/2016 1:08 PM
8	No problems with anything	12/1/2016 1:05 PM
9	I had to make alternative arrangements - couldn't access farmhouse exactly when I wanted but I just made other arrangements eg. changed venue of a proposed function etc.	12/1/2016 11:59 AM
10	Spectator cars made a lot more dust on their way up to the dam to dam access rd definitely needs to be sealed.	12/1/2016 10:53 AM
11	Excessive dust and noise when each car passed Dangerous random flicking of stones 5m over the front fence. Access was un-expectedly restricted from 7am with people chaining the gate. I had understood it would be 8.30am and when I phoned them at 7.45am to ask why they were uncertain.	12/1/2016 10:07 AM
12	with rally cars passing within 10m of my house we obviously were impacted by dust, noise. Our gates were closed (taped) which created some inconvenience and restricted our access.	12/1/2016 9:27 AM
13	One of the busiest roads in Kyogle (EDEN CREEK RD). Always dusty	11/25/2016 1:59 PM
14	Section of fencing taken out by 2 of the vehicles and repaired by us. Contacted by the club in following weeks after Rally	11/25/2016 1:54 PM
15	with very short notice we were unable to leave the property for the day. for some reason, the vehicles revved their engines & started the rally from the middle of my driveway. the remnent bush which is a native habitat (many koalas) was identified by Dr. Stephen Phillips before the world car rally as a "risk" (its a koala Habitat)	11/23/2016 10:42 AM
16	Great event, Brings Money & Excitement to the area	11/21/2016 3:07 PM
17	Protestor nuisance, as a member of RFS I was called on to attend a fire late after the event by Kyogle police - also the poor publicity due to protestors	11/21/2016 2:52 PM
18	Gate locked during event, no problem	11/21/2016 2:09 PM
19	the road now seems to be part of some regular motor-bike activity	11/21/2016 1:41 PM
20	Not this last time	11/21/2016 1:24 PM
21	The impact on wildlife via dust, noise and collision is potentially catastrophic and completely should be avoided. There is no justification for this wasteful and intrusive impost on our unique environment.	11/17/2016 2:12 PM
22	Rally cars produce noise most motor bikes that travel on this road produce more noise. No impact.	11/17/2016 10:54 AM
23	Before this property was rented, a family member lived there and the dust/noise was atrocious. the restricted access is not only inconvenient but could endanger the elderly, and you cannot order people out of their home for a car rally.	11/17/2016 10:28 AM
24	locked in for 12 hours was far to long. The 3 x group of approx 40-50 cars was too many and annoying.	11/15/2016 12:53 PM
25	No Problems	11/15/2016 11:24 AM
26	If you cant organise 1 or 2 days in a year not to be home or stay home all day there is something wrong with you.	11/14/2016 12:56 PM
27	There is significant dust as I am close to the road. It was quite noisy at end of rally, and continued for some time. If I was informed off Rally I would have been more inconvenience at not being able to come and go that day. Wildlife deaths are often a concern on these roads.	11/14/2016 11:51 AM
28	Dust problem could have been avoided if road was watered prior to the race. Noise is what rally is all about, so the noise goes with the turf. Our gate was not unlocked at advertised time. It was unlocked almost 2 hours after the event.	11/11/2016 1:42 PM
29	We did have restricted road access on Webbs rd and I unfortunately had to work that Saturday - but although inconvenienced & restricted access occurred the effects were extremely mild because of the race organisers incredible flexibility & assistance. We were granted access at a break time during the event which limited any inconvenience.	11/11/2016 1:10 PM

1	On coming home on the morning of the 27th. After arranging access to my home before 10am as I approached home the road was blocked 100mts from home. I was not allowed access. The rally people were rude arrogant and intimidating.	12/23/2016 10:23 AM
2	Great Guys	12/20/2016 12:59 PM
3	we were visited by one representative prior to the event. His discourse was totally acceptable.	12/1/2016 1:43 PM
4	Prior arrangement were made to call a particular number to arrange access in between sessions. Number didn't answer and when arrived at Hillyards Rd, Marshall had no idea about this access. Worked out in the end but poorly arranged.	12/1/2016 1:08 PM
5	I feel they acted professionally	12/1/2016 1:05 PM
6	This is a great event for the local businesses not only during the event, but following as spectators return to explore more of the community tourism is an essential growth business sector for the region & any event that promotes the district should be strongly encouraged.	12/1/2016 12:08 PM
7	Gate locked too early without my permission.	12/1/2016 10:07 AM

8	Very polite, informative, friendly and open.	12/1/2016 9:27 AM
9	once they become aware I required access to my property during the event to move cattle.	12/1/2016 9:06 AM
10	they agreed to leave my property quite amieably when asked. cars were parked in my driveway (on the property) Which is where they said they were told to park, I had never been approached about this arrangement	11/23/2016 10:42 AM
11	trevor was very good	11/21/2016 3:07 PM
12	they tried to lock my gate without any consoltation	11/21/2016 1:41 PM
13	This event should be conducted on a regular circuit eg. where there is no impact on private property or registered road users ~ private circuit or their use only	11/21/2016 1:24 PM
14	Very professional club.	11/17/2016 10:54 AM
15	We asked to have an elderly couple leave our property following 3 phone calls and 30 minute wait - this was only able to occur in between rally stages. U the event of a serious health concern emergency services would get to our home within normal expected time frames.	11/15/2016 12:53 PM
16	All Good	11/15/2016 11:24 AM
17	very friendly and helpful	11/14/2016 2:36 PM
18	A professional well organised group who tolerated a few foolish locals who disrupted the event in a dangerous manner.	11/14/2016 1:56 PM
19	No information regarding Rally was made available to me.	11/14/2016 11:51 AM
20	The Rally organisers were very helpful, always informative, very flexible with their arrangements, always friendly and polite and a pleasure to deal with. We welcome their return to Webbs rd and the Rally event in the future.	11/11/2016 1:10 PM
21	GCTMC representatives were more than helpful to gain access and to exit property on race day.	11/11/2016 11:03 AM
22	Lack of consultation or advance notice	11/11/2016 10:12 AM

36	Use the library's free service! Do a parade of the cars, visit the library grounds in Roxy lane or a meet the drivers + show & shine as addition to the markets on Saturday. Have a free sausage sizzle for the community to build good PR for the event and awareness of the event.	11/11/2016 1:10 PM
37	Good question! Please explain how it benefits our community?	11/11/2016 10:55 AM
38	Kyogle could embrace the event - put it on the calendar and with adequate notification locals could invite more friends and make a day of it. It is a motorsport that Kyogle can have a real connection with.	11/11/2016 10:12 AM

5	My children and close friends really enjoy the rally we look forward to the next event.	12/16/2016 3:23 PM
6	Certain sections of Eden Creek Road from its start to its junction with Wyndam Rd have a probability to corrigate. If these sections particularly when they are on a curve are dangerous. It you forward planning of road maintenance could include a small section of spray seal each year it would greatly improve the safety of that section of road.	12/16/2016 9:16 AM
7	Council need to stand strong with their involmtent and approval for hte rally. I hope these surveys went to not only rate payers but all residents in Kyogle LGA. We need to engcourage and promote tourism to Kyogle. The younger generation love seeing the cars and watching them do their racing. They will hopefully grow up watching it for many more years to come.	12/16/2016 9:10 AM
8	Notify of road closure for envent by sign placed on Boorabee Creek Road intersection.	12/16/2016 8:57 AM
9	During the WW2 there were signs that said "Is your journey really necessary". Burning fosilfuels for fun in an age of catastrophic, runaway global warming is madness. Below are signatures of people adversely affected by the rally (6) who Council does not include in this survey because its terms of reference are so very very narrow. We are a small area but our actions affect the whole planet. We need to be thinking and acting big.	12/8/2016 3:16 PM
10	During discussions wit people who were here on the day, the Rally provided signigicant entertainment & commercial value. We cannot understand why some people feel the Rally has a negative impact on the community.	12/1/2016 1:43 PM
11	It was very disappointing that a few protesters could force the closure of the stage at Toonumbar Dam when the overwhelming majority support the rally - all but 2! its a sad refelection of the power of the noisy minority. Keep supporting the Rally we really enjoyed it.	12/1/2016 1:05 PM
12	Kyogle Council should strongly support all these types of events.	12/1/2016 12:20 PM
13	Tourism = Money spent at local businesses, better community due to increased income, happier community due to people spending that increase income in other parts of the community.	12/1/2016 12:08 PM
14	Our road was supposed to be sealed months ago. There was a big article about it in the local paper. Kevin Hogan keeps referring to the funding he has arranged. It was stated inthe paper the the work would started last May and finished in August 2016. Nothing has happened. I even went to Council and enquired and was assured that it would be done and finished by Christmas. So when will it be done?	12/1/2016 10:53 AM
15	we think that the Rally is good for business in Kyogle and there by good for the whole town. Kyogle will benifit from more tourism and events being held here. Increased income into the town adds to demand for employees, adds to strength of local shops and stimulates the local economy. However there is no doubt that the rally impacts upon our "quite enjoyment"of our land and has detrimental impact upon our access road. We are worse of when the rally uses our access road. This negative impact can be easily rectified, to some degree, if council decided to grade our road immediately following the rally. There must be give and take. Our rates bill is huge, why should our road (which we pay for with our rates) be degraded so that we suffer whilst the community benefits. Simply reschedule the road works and we will be satisfied. I think this is fair and reasonable.	12/1/2016 9:27 AM
16	Kyogle Council did not notify me or rally organiser because I do not live on back road.	12/1/2016 9:06 AM
17	Bring on more things or events to help Kyogle Area. Some people whinge with a few hours of inconvenience. Those type of people gripe over nothing	11/25/2016 2:26 PM
18	Should never have lost the WRC. Try to get it back	11/25/2016 1:59 PM
19	No	11/25/2016 1:56 PM

## 2016 Border Ranges Rally Survey

20	to garner local support, suggests council identify local benefits like road maintenance, employment opportunities, investment in local facilities (eg dam)	11/23/2016 1:10 PM
21	it was a great day and should be more days like that we had people here to watch it and we really enjoyed the day	11/23/2016 10:05 AM
22	not at this stage	11/23/2016 9:35 AM
23	we were away most of the day (saturday) when the rally was on our road. we left early (7am) and returned about 3pm, organising dinner with a neighbour who was not affected by the road closure. no problem!	11/23/2016 9:20 AM
24	the hype of events are great for the region - they bring people visit the area & Inject money into the community, no they need to be encouraged & Returned. they also give the area publicity which is beneficial to locals. the people who stopped the rally should be prosecuted & fined heavily to prevent it happening again. the area/council should support the events as much as possible.	11/21/2016 3:07 PM
25	for some reason this event is more successful in woodenbong - Why? i dont know, perhaps kyogle council should find out. The residents over there really get behind it. demographics should be very similar so maybe its council itself	11/21/2016 2:52 PM
26	No Thanks	11/21/2016 2:09 PM
27	yes	11/21/2016 1:54 PM
28	no	11/21/2016 1:51 PM
29	whole heartedly support this event and future similar events	11/21/2016 1:47 PM
30	pay my lost wages, the council made the decision to allow the rally without consultation, i hold the council responsible for my lost wages. in future i feel that you should ask landholders before closing my road.	11/21/2016 1:41 PM
31	In the 1950's and 60's we had the Kedex Rally roaring around Australia. Then we thought it as a lot of fun. We know nothing of global warming or climate change. We know nothing of fuel shortage. Today we know about these things. We know what fossil fuels are doing to our health, our climate, our world. The proposition that rev heads with apendage deficiences, should act out their fantasies on our roads is an obscene suggestion. They pay not rates here and do not pay maintenance on our roads and we, the citizens are locked into our properties for the day without choice or consultation.	11/17/2016 2:12 PM
32	Kyogle has attitudes that have held this town back. The 75th Anniversery of the Border Loop come and went. What an oppertunity for Kyogle Lost. Lions Road is next oppertunity for Kyogle. Thank goodness Fairymount Festival is back. There are so many oppertunities in Kyogle that are ignored. Timber week, Dairy week. Tourists could come from Brisbane by bus, in the morning, entertained in Kyogle 10am - 3 or 4pm and then but to Murwillumbah. The railway station area could be used for the bus terminal where there could be market stalls asound the border of the area. So many ecents could be organised such as small buses to the Border Ranges and other areas. Horse riding, & many creative events to fill the 5 hours the tourists stay in Kyogle. There needs to be a tourists committee and then amazing things may happen. Start at 1 day a week then 2 & so on. This would bring work & money to Kyogle. As stated on Q&A on ABC - Rural people should do it them selves and not depend on the govnerment. Motor rail coaches - Casino to the loop. Tour guides on the tours to give commentary.	11/17/2016 11:53 AM
33	This rally is run in a very safe and is well supported by the majority of the community. We like the excitement this event brings to the area. We were very sorry when the "worny Rally" was forced to move to Coffs Harbour because a small number of people made them feel unwelcome, they endangered the lives of hte drivers and navigators - very poor behaviour by adults.	11/17/2016 11:21 AM
34	No	11/17/2016 10:54 AM
35	Well done Kyogle Council and others. Well done Rally organisers.	11/17/2016 10:32 AM
36	When i visit my property, Webbs road is usually in atrocious condition and rally cars racing along it can only make it worse. Rates increase and service to road decrease.	11/17/2016 10:28 AM
37	Approximatly 150 cars traversing a gravel road casuing enormous dust issues over 12 hours is far to long. Residents are virtually locked in and are not able to carry out normal activies. We are locked in by padlock. Also when cars do loose control and take out fence posts or damage the road frontage - no rectification works occur. The just leave!	11/15/2016 12:53 PM
38	our family recieved no info from rally organisers prior to event, apart from sign at start of road. It was necessary to stop and pull over in order to read sign, this is not always conveyient.	11/15/2016 11:33 AM
39	Very much in favour of such events	11/15/2016 11:24 AM
40	The viewing area at Webb/Hillyard could be made more presentable. The rally soes slightly damage the road though council has made a positive effort to improve the road and it is in the best condition for 30years. The rally could developpe into something even bigger n the futuer which will have a more postive impact on the Kyogle shire.	11/14/2016 2:36 PM

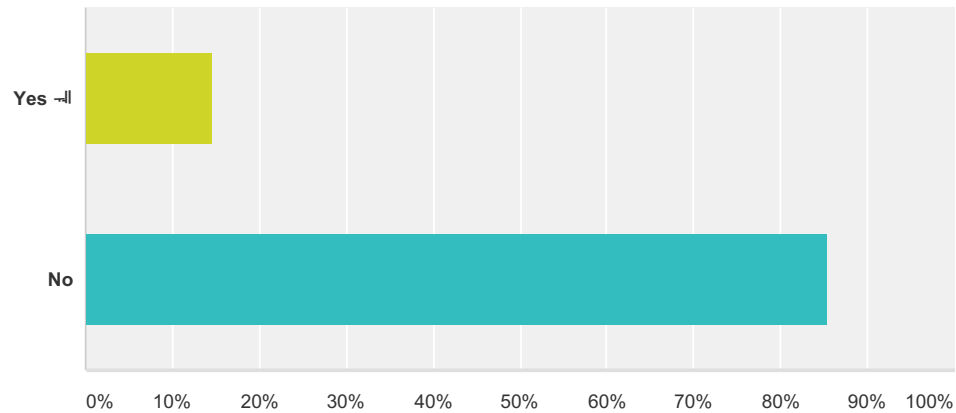

## 2016 Border Ranges Rally Survey

41	Please dont let a few clowns lose this event for Kyogle. I live and work in the area and the majority of my neighbours are in support of the event. Travelling the roads after the rally i believe the corrugations were levelled in places and there was no road kill or litter left behind. My animals did not suffer, bolt or abort,. Freinds teenagers worked extra hours to provide meals for hte influx of spectators and participants. Whats not to like?	11/14/2016 1:56 PM
42	Rally organisers did a great job.	11/14/2016 1:23 PM
43	Information needs to be provided before any decisions are made. and then consultations with the community needs to occur.	11/14/2016 11:51 AM
44	Make the Rally a permanent Calander event for Kyogle before some foolish, selfish nay sayers ruin it for our town and force the Rally organisers to find someshere else that is more savvy to the benifits of such an event for hte community. Why couls Kyogle lose out. Bring the Rally back to Kyogle!! Dont allow a few negative, self centred people who appose wvery little change spoil this event for Kyogle. These people dont speak for our family.	11/11/2016 1:10 PM
45	The fact that we recieved no notification from Council as to the rally is totally unacceptable. Then to find out the road was to be closed all day showed such disrespect by Council to locals who live on Hillyards/Boorabee creek road. For Council to make a decision, that had a huge impact on us, shows the Council was only interested in what was in	11/11/2016 10:55 AM
46	We support the event but dismayed that we were not consulted or given enough notice. A fair way to do this would be to ask ALL residents on a particular leg and let majority rule. There are a very vocal minority who are causing division and overstating the impact on themselves. If Kyogle embraced the event, we could maximise the positive effect and benefits for local business	11/11/2016 10:12 AM

1	can the council please be more transparent about community consultation.	12/23/2016 10:23 AM
2	This event needs to stay!! Bring back the WRC!!	12/20/2016 12:59 PM
3	please fix up the road.	12/16/2016 3:23 PM
4	keep it going	12/1/2016 12:20 PM
5	would be much better if Rally was able to be started at junction of Old-Cob-Corn & Ettrick Rd. We could see the start from our home at Ettrick rd but only for a short distance.	12/1/2016 10:31 AM
6	I think the rally is a benefit to the Kyogle community and it would be tragic to loose it.	11/23/2016 10:07 AM
7	disregard the minority of idiots who are so loud & Prominent. the vast majority of people are happy to have anything interesting happening in their town. a little spot light now and again provides opportunities	11/21/2016 2:52 PM
8	My property is the larges privately owned rainforest in all N.S .W. Its ecological and environmental value is immeasurable. The rally passes through it. My land is a wildlife corridor to and from Pot Creek and in a try time is used extensively day and night for wildlife to access water from the creek.	11/17/2016 2:12 PM
9	We have put up with this rally over the past couple of years and not complained. however we are now sick of it. Please no more!	11/15/2016 12:53 PM
10	It was a sad day to hear that Kyogle lost the World Rally. I see Coffs Harbour were keen to host it and keep it for their own community and excitement it created as Kyogle was telecast in many countries. It was a great promotion to our area.	11/14/2016 1:41 PM
11	As so little information was made available to me, it is difficult to answer some questions on this survey. I was only informed of the Rally by neighbours.	11/14/2016 11:51 AM
12	I/we think the rally is a positive event for the region and wish for it to continue into the future. The town made good money from it this year not to mention the showground trust which needs funding like this to remain viable. As owners of a property with abundant wildlife, wallabies, native birds, lizards, goannas, we can say not one animal was injured in this or any previous rally events near our property. Overall we totally support this event now and into the future.	11/11/2016 1:42 PM

14	This deal for the Council stuff the rest of us. Shame on you Kyogle Council. Remember you are voted in by the people - for the people.	11/11/2016 10:55 AM
