

ASSESSMENT OF POTENTIAL LAND CONTAMINATION
This initial evaluation form must be completed for all Development Applications pursuant to State
Environmental Planning Policy 55 - Remediation of Land.

SII	e address:	Lot and DP:	
1	Are you aware of any previous investigation	s into contamination on the land?	
2	If Yes, what were the results, including any p	previous initial evaluations?	
3	Do you have existing records to show that a out on the subject land?	n activity listed in Table 1 (see below) has ever been carried	-
4	Was the subject land at any time zoned for i	industrial, agricultural or defence purposes?	
5	Is the subject land currently used for an activity listed in Table 1?		
6	Was, or is, the subject land regulated throug listed in Table 1?	gh licensing or other mechanisms in relations to any activity	
7 Are there any land use restrictions on the subject land relating to possible contamination, such as notices issued by the EPA or other regulatory authority?			
0	Does a site inspection conducted by the apr	olicant suggest that the site may have been associated with	Π,
8	any activities listed in Table 1?	bilicant suggest that the site may have been associated with	ш
