Dear Arthur,

Thank you for your support to date in Kyogle Together's RDA Round 3 funding application to relocate the Kyogle Community Gym to the Kyogle pool grounds.

In supporting this relocation, and subsequent partnership in co-locating the gym and pool, Kyogle Together would formally like to request the following from Council:

- to site the gym on the pool grounds
- to build a building on the grounds
- to waive the fee for the Development Application.

As you suggested, a representative of Kyogle Together would be available to attend the Council meeting of March 11 to answer general questions about the project and sustainability. We would therefore also like to request public access to attend the meeting.

Once again, we appreciate Kyogle Council's support of this project to date. As a not-for-profit project, run by a registered charity, proposed by the community, and now with membership of approximately 25% of the town population, we look forward to the gym being a benefit to the community for a long time to come.

Please don't hesitate to contact me if you need any further information.

Regards,

Mark Trudinger
