

Have your say on the future of the Kyogle Local Government Area

From today, communities across the Kyogle Local Government Area (LGA) are being asked to share what's important to them and their hopes for the future, as part of Kyogle Council's review of its Community Strategic Plan.

The Community Strategic Plan, or CSP, is Kyogle Council's highest level, strategic plan. It sets out the community's priorities and helps guide Council's Delivery Program, Operational Plan and Long-Term Financial Plan.

The current CSP was developed in 2022 based on community feedback gathered at the time, and with the new Council elected in September 2024, it's time for a review.

Kyogle Council Mayor, Cr Danielle Mullholland, said she was excited by the opportunity for meaningful consultation with the community.

"One of the things I and my fellow councillors are extremely passionate about is opening up the lines of communication between Council and the community," Cr Mulholland said.

"Our local residents, businesses, young people, volunteers and community organisations are at the heart of what makes the Kyogle LGA so special. This is their opportunity to have a say in what Council does, now and in the future.

"Listening to their diverse voices is vital to getting the CSP right but more than that this consultation is about continuing to build the relationships and networks we need to collectively deliver the outcomes of the plan," she said.

In order to hear from as many people as possible, Council is offering a range of ways for the community to have a say.

[A community survey](#), which opened today, will be available online until Sunday 16 March 2025. Paper copies are also available at Council's administration centre.

There will also be consultation with local schools and young people and a number of face-to-face community consultation sessions across the LGA in Kyogle and the villages including Woodenbong, Bonalbo and Tabulam. A drop in information and feedback hub will be held at the Kyogle Memorial Institute Hall on Thursday 6 March 2025.

To find out more about how to have your say in shaping the future of local towns, villages and places, visit Kyogle Council's project webpage:
