

## **EFTPOS now available at village pools**

The Bonalbo and Woodenbong pools now have EFTPOS.

Pool goers can now use EFTPOS to pay for their entry to the pools or to buy refreshments in the canteens.

Mayor Cr Danielle Mulholland has welcomed the move saying it was a positive step forward.

“This brings the Bonalbo and Woodenbong pools into line with Kyogle pool and I’m sure it will be appreciated by locals and visitors alike,” Cr Mulholland said.

“Council is committed to promoting equity in the villages in terms of the services we deliver. This accommodates people who don’t necessarily carry cash but want to use the pool facilities.”

Bonalbo-based Councillor Tom Cooper said he was delighted Bonalbo and Woodenbong residents now had access to a service most people took for granted.

“This is great news for people West of the Range and will mean more people will be able to use the two pools as not everyone carries cash these days,” Cr Cooper said.
