Scan to learn more

- Only those bins designated for collection on the calendar will be emptied.
- Only place accepted items in each bin as designated – food and garden waste in the green organics bin, recyclables in the recycling bin and general waste in the landfill bin.
- Do not place hazardous waste, dangerous goods or dirt in your bins.
- Ensure all bin lids are COMPLETELY CLOSED to avoid waste spilling out when emptied.
- All bins have a 60kg weight limit. Bins will not be emptied if weight exceeds 60kg to avoid causing damage and unnecessary wear and tear to truck hydraulics.
- Provide clear access to your bins, away from obstructions such as cars, trees and overhanging branches.
- Bins must be placed in position at least 50cm apart the NIGHT BEFORE, or by 5:00 am on your collection day. Collection at the same time each collection day cannot be guaranteed.
- Items placed on top of the bin or next to the bin will NOT be collected.
- Ensure the front of each bin is facing towards the road.
- Waste collection trucks are fitted with cameras and can record prohibited waste.
